Methodists Granted Zoning Variance Here

Around the Square

Notice to customers of a cleaning firm regarding a temporary suspension of service: "Having contracted a severe case of Fishing Pox, for which the only remedy is a couple of weeks in the company of a good rod and reel (and other victims of the malady) we will be closed from Aug. 10 to 22, to take the cure."

Charlie Raddon, 14-year-old son of the Grant S. Raddons, 124 Vista Circle, at the age of 10 hogged his first rattlesnake in the Canyon.

This week he is nursing wounds inflicted by... a baby squirrel he tried to catch bare-handed. Doctor says nothing serious; county health department says no cases of rabies reported.

Call Fence At Intersection "A Hazard"

Residents in the neighborhood of North Sunnyside and West Highland Ave. have appealed to the City to "do something" about a six-foot fence on the southwest corner of the intersection of those two streets.

The matter was referred to Chief of Police Gordon G. McMillan and City Attorney T. Guy Cornyn for investigation. In their petition to the City Council the 42 signers described the fence as "a public nuisance in that it is a traffic hazard endangering the lives and properties of motorists, pedestrians and property owners in the immediate vicinity."

Councilman W. Murray Hawkins said that he had observed the fence, that it is "smack against the sidewalk" and that he considered it a hazard.

Vandals Strip Car Of Canyon Resident

Mrs. Hazel K. Laws, 562 Woodland Dr., reported to police Sunday that her car, parked at that address had been stripped of various accessories and the tires deflated.

Hub caps were removed from the wheels, she said, and thrown into the flood control channel. The radio aerial was torn off, trailer hitch removed, gas cap broken and the glove compartment rifled, according to her report.

On two occasions earlier last week Mrs. Laws had reported to police cases of disorderly parking on property which she had made available to patrons of the nearby Canyon swimming pool.

BIKE RIDING OUT IN PARK

★ ★ ★ STIFF PENALTY CAN BE INVOKED

The City park is not the place for bicycle riding; in fact there is a City ordinance about as old as the park itself, that prohibits it.

Since frequent admonitions by the park custodian and the City Recreation director have not successfully curbed the practices of some junior citizens who whizz through the park on two wheels, city authorities reluctantly face the coming necessity of invoking the ordinance... and "it has teeth in it" they point out.

Fine And/or Jail

A fine not exceeding \$200 or imprisonment in the City jail for a period not exceeding 60 days OR BOTH can be imposed.

Section 9 of the ordinance declares it unlawful for any person "to ride or drive any horse or other animal or to propel any vehicle, cycle or automobile elsewhere than on the service drive which shall be used only for the purpose of hauling and delivering such materials as may be required

Purchasing Home of Ex-Mayor

Granted a zoning variance last week by the City Planning commission, the Methodist church is going forward now with plans to occupy by early fall the property in question at Michillinda and Sierra Madre Blvd.

Sale of the property, once the home of ex-Mayor William Kianney, to the church is in escrow, according to Dr. Frank S. Williams, executive secretary of the Board of Missions and Church Extension with offices in Los Angeles.

Possession in Fall

The house will be vacated by the present tenant some time in September, it is understood, and the first floor front rooms of the building will be altered to provide a temporary place of worship. Other rooms will be adapted for church school use pending construction in the future of a chapel, first unit of the proposed building program.

Speaking for the Methodist Church conference, Dr. Williams stated its intention of conforming with all zoning requirements, including provision for off-street parking for those attending services. The seating capacity at first will be so limited, he pointed out, that parking for worshippers' cars will not pose much of a problem.

Strong Opposition

Opposition to the zoning variance was quite pronounced at the Planning Commission meeting, and the parking situation was one of the principal objections. The commission stipulated that there must be no entrance or exit to or from the property from Montecito which bounds the property on the north. It also was required that a fence or wall must be maintained at that line.

A minister to serve the Methodist population of Sierra Madre, Hastings Ranch and neighboring Arcadia will be appointed by September by Bishop Gerald Kennedy. The appointee will be a church extension trained clergyman with at least 10 years of experience, a man capable of carrying forward a building program, Dr. Williams stated.

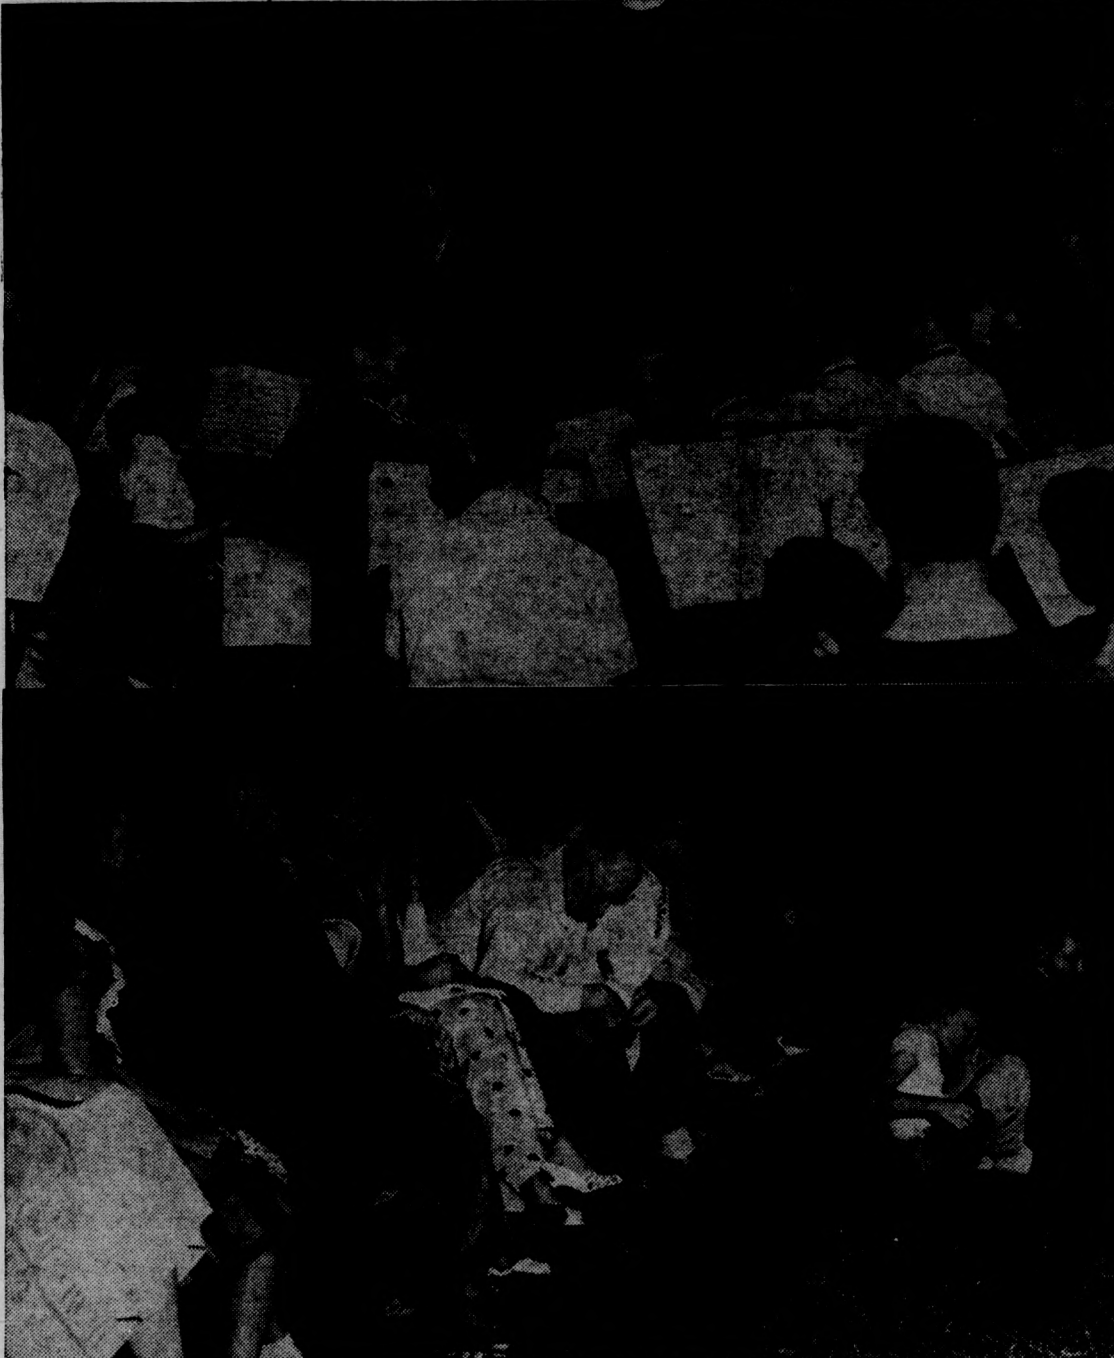

The nearest church for those of the Methodist faith in this area is St. James, a comparatively new church in Altadena. Others nearby are in Arcadia and Monrovia.

ASKS REDESIGN OF TILLEY SUBDIVISION

Rejected by the Planning Commission was the proposed subdivision of the former Bassett and Washburn Nursery property on E. Sierra Madre Blvd.

Jack J. Tilley, subdivider, was asked to revise and resubmit his plans so that outside lots at least be 10,000 square feet to conform with adjacent lots.

In plans presented to the commission the lots were all designated as being 7500 square feet and owners of nearby properties voiced strong objections.

SERENADE UNDER THE STARS. More and more people are finding enjoyment in the Music in the Park series of the Sierra Madre Concert Band. In the above pictures are shown Director Marie Oliva and a section of the band and also some of the more than 500 who made up the appreciative audience at last week's concert. Porch parties are coming into favor again as Sierra Madreans living near the park invite their friends to hear the music with them. The next concert will be Aug. 7.

Car, Truck Crash At Sunnyside and Highland

An automobile driven by Yasumi Bob Ariza of Puente and a panel truck driven by Charles William Paul of Pasadena collided Monday morning at the intersection of North Sunnyside and West Highland, causing damages estimated at \$300 to each vehicle.

Paul also reported a shoulder injury.

Both drivers told police that a fence on the southwest corner of the intersection obstructed their views.

Analysis Shows Fluoride At Optimum in City's Water

The deep-well water which Sierra Madreans drink every day has a natural fluoride content at an optimum level for the prevention of dental caries—tooth decay. Natural fluoridation occurs in very few localities.

This information was given to the City Council Tuesday night by Councilman Charles H. James, who is associated with one of the larger pharmaceutical manufacturers. He based his report on a recent chemical analysis provided by the state.

Fun Not Over

Lions Host to Soap Boxers, A Local Race Considered

Sierra Madre had one trophy winner in the Los Angeles City and County Soap Box Derby July 23 and all seven local entries gave a good accounting of themselves, according to their sponsors and fans.

But all the excitement isn't over yet for the kids, even though none will be going to Akron for the International Soap Box Derby Aug. 9.

The young racers and their sponsors, and Larry Thon of Pasadena, general Derby chairman for their area, will be guests of honor tonight at a dinner-meeting of the Sierra Madre Lions Club in the Woman's clubhouse. The boys have been asked to wear their official Derby T-shirts, belts and crash helmets, presented to them as competitors.

Plan Local Race

Plans will be discussed during the evening for a local race, giving the kids another chance to show what their little cars can really do.

Douglas Peterson, 13-year-old son of Mr. and Mrs. Robert Peterson, 145 San Gabriel Ct., wheeled his shiny black racer, the Rambler, to a first place in his heat down Derby Hill last Thursday but lost out in the next qualifying race. As a heat winner he received a trophy to be companion to one he captured last year.

Young Peterson is a grandson of Ernest Mohler, custodian at Sierra Madre City Park.

Beat By Best Time

Gary Pickett, sponsored by Garlands, was second in his heat, nosed out of first place by the driver who established the fastest time for the day, 23.9 seconds. Others from Sierra Madre who got seconds and received Derby belts are: Dick Dewey, sponsored by William Underwood, R. H. Smith, sponsored by Sierra Madre Hardware; Petee Ward, sponsored by the NEWS, and Peter Stine,

Signal Corps Radio Lands By Parachute

No space men appeared when police investigated a small parachute, deflated rubber balloon and attached instruments which made a leisurely descent at mid-day July 24 at the northeast corner of Suffolk and Baldwin.

Officer James Heasley found the instruments to be an Army Signal Corps Radio-sonde transmitter and modulator. The administrative assistant to the signal officer at Fort McArthur authorized police to dispose of the equipment here, stating it was not of sufficient value for them to come after it.

P-TA SPONSORS SATURDAY MOVIES

Saturday morning movies, sponsored, approved and selected by the Parent-Teacher Ass'n, are in progress through the summer at the Academy Theater, Pasadena. The hours are from 10 a.m. to 12 noon.

The program Saturday, Aug. 1, will include a feature, "Steamboat Around the Bend" and six cartoons.

Local Man in Court Today on Charge of Tampering with Cars

Eric Harrison, 411 W. Sierra Madre Blvd., and Daniel O'Donnell of Altadena were to appear in Pasadena Municipal court today for further hearing on a charge of tampering with automobiles at Hansen's used car lot, 120 W. Sierra Madre Blvd.

The pair was arrested by Officer J. McDonough early Monday morning. They spent the night in City jail and were released Tuesday after bail had been set at \$75 each.

Day Campers May Register This Week

Although City Day Camp registrations closed yesterday, Philip Mitchell, Recreation director, has announced that last-minute applicants may make appointments for registration by calling the City school today and tomorrow.

Forenoon camping for youngsters in second and third grades will be in progress Monday through Friday of next week and for older children the following week.

Children attending will be picked up by school bus (route printed elsewhere in the NEWS) shortly after 6:30 a.m., arriving at the campsite north of Sierra Madre Blvd., on Sierra Madre Villa Rd. in time for a hearty breakfast. Hiking, crafts and games will be in progress until 11 when the youngsters will be taken to Wagner's pool in Pasadena for a swim before being returned to Sierra Madre by bus.

Mitchell stresses the advantages of the early morning schedule, pointing out that the morning hours are cooler.

Roberts Fills Eaton's Post on City Council

Votes Approval of 11-City Civil Defense Co-Ordinator

Mayor Henry F. Korsmeier and members of the City Council accepted "with regret" the resignation of Noren Eaton, local attorney, from his position on the Council. At the same meeting his successor, Harold F. Roberts, Sierra Madre business man, was sworn in to fill Eaton's unexpired term with the policy-making body.

Other items on the council's agenda included approval for one year of payment of the city's proportionate share, \$493, towards a yearly budget of \$9800 to provide a Civil Defense co-ordinator for 11 cities in Area D, consideration of bids on provision of new water department equipment and a revision of council committees.

Contingent Approval

The \$493 expenditure approval was contingent on the like participation of all of the 11 cities. It was pointed out that Area D is unique in that it contains no one large city, such as Pasadena, financially able to provide a full or part time director of Civil Defense.

At the close of the meeting Water Department Superintendent Al Freeland recommended acceptance of the low bid of the Hersey Mfg. Co. of Monterey Park for provision of 180 new water meters for the city.

Water Committee Head

Mayor Korsmeier appointed the new councilman (Roberts) to serve as chairman of the Water committee and as a member of the Police and Fire and Finance committees. His predecessor was chairman of the Streets and Sanitation committee, a member of the Finance and Water committees and council representative on the Planning Commission.

Eaton had served on the council three years in April. At the end of that time he indicated to the council his desire to resign, pleading pressure of his own law practice. The council prevailed upon him to continue, having at that time another vacancy to fill, occasioned by the resignation of Lawrence Washburn.

Tells "Valued Service"

In accepting the resignation this week Mayor Korsmeier expressed the council's appreciation of Eaton's "valued service," stating that he had been "most helpful and had provided a wealth of information of value to the city."

Eaton stated in his resignation that his association with the council had been "one of the pleasantest" in his experience.

His successor (Roberts) Sierra Madre resident since 1921 and owner of Roberts Market since 1925, is eminently qualified for the post.

He is president of the Sierra Madre Republican Club, a vice-president of the 48th Assembly District (Republican), and alternate to Thomas Schwartz on the County Central Republican committee.

A World War I veteran, he is a past commander of American Legion Post No. 297, past master of Sierra Madre Masonic Lodge No. 408, was 1949 chairman of the Congregational Church board of directors and a member of the board of directors of the late Chamber of Commerce.

He and Mrs. Roberts reside at 306 E. Alegria. He has two married daughters, Mrs. L. C. Musselman of Sierra Madre and Mrs. Robert Gilcrest of Solimar Beach, Ventura county.

Committees Named

In addition to appointing Roberts as chairman of the Water committee, Mayor Korsmeier announced the following new committee revisions:

Finance — Korsmeier, chairman; Charles H. James and Roberts, Parks-James, chairman; Korsmeier and Charles E. Louk, Police and Fire — W. Murray Hawkins, chairman; James and Roberts, Streets and Sanitation — Louk, chairman; Hawkins and Korsmeier, Water-Hawkins and Louk, serving with Roberts; Louk, representative to the Planning Commission, and James, council representative to the Recreation commission.

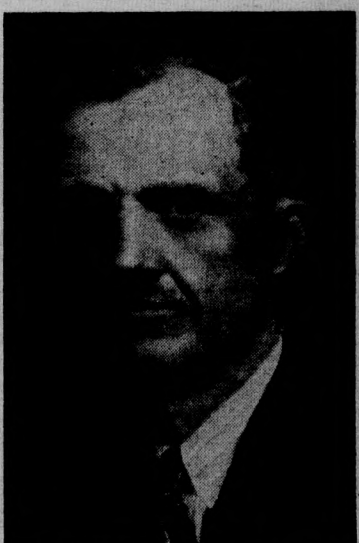

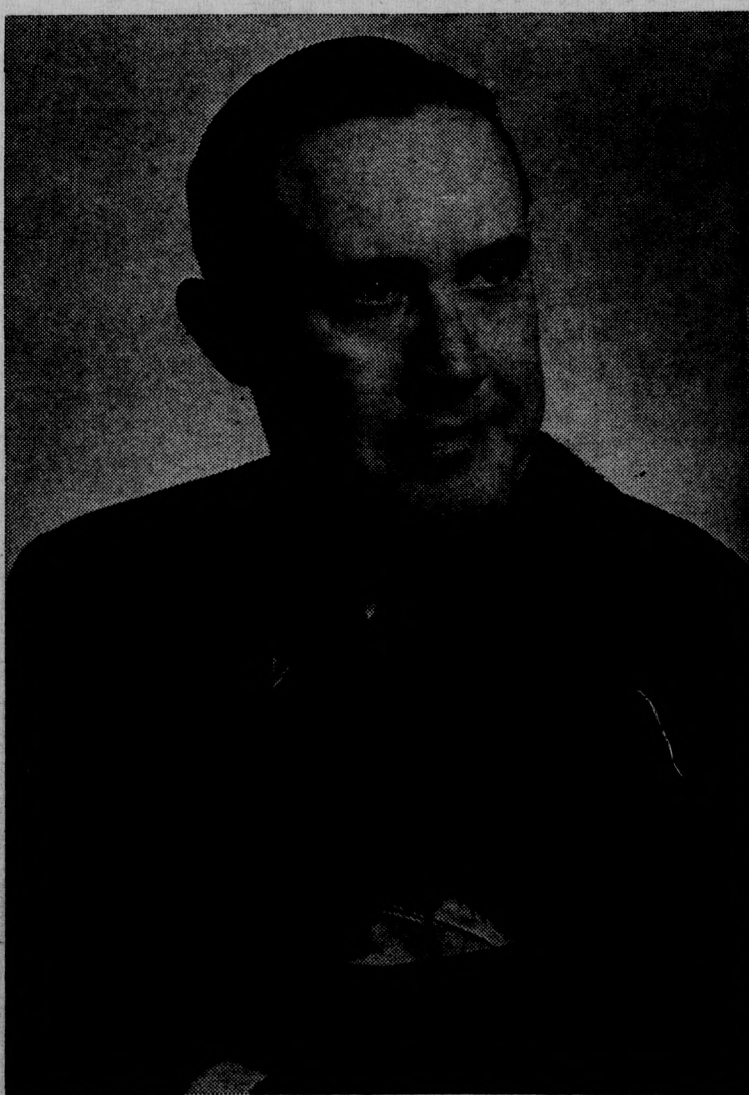

More Spears Discussion

Further consideration of a water diversion complaint regarding the Harold J. Spears tract above Auburn St. was given by the council and Paul Bowerman, owner of property adjacent to the tract, was heard. Bowerman stated that the construction of 24-inch culverts under the ramps would "funnel" water onto his property.

Previously reporting on the Spears tract L. Frederick Pack, city engineer, said that in his opinion there was no "undue concentration or diversion of water," that the subdivider was conforming with the requirements of his permission to subdivide.

Bowerman invited councilmen to visit his property and "see for themselves." The matter was referred again to the city engineer.

NEWEST COUNCILMAN AND PREDECESSOR

HAROLD F. ROBERTS, left, local merchant, club and civic leader, has been appointed to the City Council succeeding Noren Eaton, above, who has resigned after serving more than three years. Eaton explained that his law practice demands his full attention.

Roberts was appointed by Mayor Henry F. Korsmeier to the Finance and the Police and Fire committees and a named chairman of the Water committee. He has owned and operated his own business for 28 years and in that time has been an active participant in civic affairs. He is a local property owner.

LADY LIONS HAVE
PATIO MEETING

Lady Lions met recently for a brief business meeting on the patio of Mrs. Frank Barbour's home, 201 E. Grandview. Re-

freshments were served by candlelight around a pool filled with floating gardenias.

The group's next meeting will be at 8 p.m., Aug. 8, at the home of Mrs. Harold Hamm, 520 W. Montecito.

Death Comes
Suddenly To
C. H. Brown

While visiting Sunday in the Pasadena home of his daughter, Mrs. Pearl C. Lutzow, Charles Holland Brown, age 63, suffered a heart attack and died instantly. He resided at 322 Mariposa and had been a resident here for 20 years.

Funeral services were conducted Tuesday morning in Grant Chapel by Rev. Carl Smith, Congregational Church minister. Committal services were held privately in Pasadena Mausoleum.

Brown was a native of Omaha, Ill.

He is survived by his wife, Myrtle C. Brown, two sons, James F. Brown of Duarte and Charles E. Brown of Sierra Madre, and six grandchildren.

PAGE SELECTED AS
"BEST SPEAKER" AT
TOASTMASTERS MEET

Frank Page was adjudged the "best speaker" at a recent Ladies Night meeting of the Sierra Madre Toastmasters held at the home of Hans Guthertz. His talk was entitled, "Trojan Horse."

Stanley Clark, speaking on "Should We Parole?" was singled out as the most improved speaker. Others who gave talks included Harry Eder, Bruce Smith and Draper Phillips. Robert Milo was the general evaluator for the evening and Arthur Rittterath was toastmaster.

The next meeting will be at 7 p.m., Aug. 12, at the Plantation in Monrovia. Men interested in the activities of the Toastmasters Club may contact the president, John Powell, 1953 Alta Oaks Dr., Arcadia.

Potluck Picnic Planned
By Local Garden Club

The members of the Sierra Madre Garden club are planning a potluck picnic for Aug. 10 at 6:30 p.m. at the Arcadia City and County Park.

The program will feature Merrill Thompson, horticulturist, as speaker, and a plant sale and an attendance award.

Arrangements are being made by Mrs. Nell D'Arcy, Mrs. O. R. Haas, Mrs. Mabel Grill, and Mrs. Charles Morrison.

Coffee and ice cream are being furnished by the club but guests are reminded to take their own table service. Everyone is welcome to attend, cording to the chairman.

Rounds Opens
New Store
In Arcadia

R. C. Tumilty of Sierra Madre, president of Rounds Floor Coverings corporation, has announced the opening approximately Aug. 10 of a second floor-covering store, to be located at 115 E. Huntington drive, Arcadia. This new store will be in addition to the present store located at 2295 E. Colorado street, Pasadena.

Tumilty says: "The same policy of personalized selling will prevail in the new store that has existed in our present location during the past 35 years."

"The opening of the new store is a long overdue move on our part since an ever-increasing amount of our business has come from the area surrounding Arcadia."

The Arcadia store will be of the "custom shop type," carrying all major lines of carpet plus the better grade of novelty style lines, it is reported.

World Federalists Urge
Support of Resolution

Active support of the Flanders' Resolution (SCR 32) as a means of implementing President Eisenhower's stated foreign policy objectives was advocated at a meeting last week of the Foothill-Pasadena chapter, United World Federalists, attended by a number of Sierra Madreans.

Interested citizens are being urged to write immediately to Senator Alexander Wiley, Foreign Relations Committee chairman; Senators Knowland and Kuchel and Secretary of State Foster Dulles, urging the adoption of the resolution.

Address Senators Thus

The Senators are addressed care of the Senate Office Building and Dulles at the Department of State, Washington, D.C., according to W. P. Belderson, Jr., chairman of the Foothill-Pasadena chapter.

The Resolution, introduced by Senator Flanders with the support of 32 other Senators, calls on the President to: (1) Continue the search for a practical program for complete, enforceable world disarmament through the United Nations; (2) Explore whether changes in the U.N. charter are necessary to achieve this goal, and

FIRE
FLAMES

By JIM HEASLEY

New deadline at the NEWS. This will mean that tomorrow's drill cannot be reported today. We know the schedule won't be easy but we'll get on to it.

The burning of old lath houses from the sold-out, famous Washburn Nursery the other morning caused quite a bit of anxiety among some of the nearby neighbors and we are sorry for this.

A permit was issued for early morning burning as has been done before. It is a case of whether this flammable material be allowed to remain as a dangerous fire hazard or have it burned under supervision. As far as can be learned from questioning those who watched the burning—there was no immediate danger.

We are very sorry that it was mistaken for a house fire. Many of the neighbors had been notified before the burning and it is unfortunate that others were not. To please everyone is just as difficult in this regard as it is in any other. If it had not been destroyed, there were bound to be objections to its remaining.

The time of year has arrived when we cannot be too careful and we want those who were alarmed to feel that they have the sympathy of the firemen. It is necessary, however, to issue permits to eliminate some things by burning.

We are not too comfortable about the whole thing.

Joe Grippi drove Gene Toms and Chief Heasley to San Gabriel last Thursday evening and never got on the wrong street. They attended the Monday meeting of the San Gabriel Firemen's Ass'n. Besides learning much about other cities' troubles, the boys also found that French Dip sandwiches are very good, and that two beautiful blondes could also make beautiful music.

As the city grows—so grows the problems of the fire department. We find houses in most difficult places and runs that are long from the station. We MUST try to keep the fires out!

Troop Three Catches 'Em On
Huntington Lake Pack Trip

"The boys caught so many trout we had to bring some of the regular vittles back with us," says George Black, scoutmaster of Boy Scout Troop 3, "but we didn't 'bring back' any injuries so the trip was a big all-around success."

The "Camping Troop," as it is called, recently returned from its annual trek to Huntington Lake, 17 miles by pack train and hiking from Sequoia National Park.

Continuing his account Black said:

"Dick Eddy, junior assistant scoutmaster, and his dad, Gould Eddy, along with Mel Stine, committeeman, did yeoman work transporting the boys and running the camps and, incidentally, having as much fun as the boys."

"Just to keep things from be-

ing too perfect, the burros were bawky, it rained a little and some of the camp fires looked like smoke screens, but come to think of it, that was fun, too!"

Troop 3 has its quarters in the Congregational Church on Sierra Madre Blvd. Equipment used on the trip was provided from funds raised by the boys on projects last winter.

The Scouts on the camping trip included: Gary Cass, leader, Celti Touchon and Peter Stine, Beaver patrol; Charles Raddon, leader, Phil Jacobs and Nino Leonardi, Eagle patrol; Denny Ascher, leader; Denny Wilson and Lee Westhafer, Mole patrol and Bevin Cutler, Wolf patrol.

At the foot of the mountains in the Little Santa Anita Canyon a camp consisting of 37 tent-houses and five cottages was opened to the public by the Carter brothers in the spring of 1906.

Gas Rates Upped As Of August 15th

Sierra Madreans, along with residents in 10 other Valley communities and seven California counties, will notice a hike in their gas bills after Aug. 15.

The rate increase authorized this month by the California Public Utilities Commission reduced the Southern Counties Gas Company's request for a 16 per cent increase to 8 1-3 per cent. The increase to the average consumer will amount to about 36 cents per month.

Raised Last January

The company received an "offset raise" last January to compensate for the increased price of Texas gas. This was reflected in customers' bills by an up of about 11 cents a month.

The company's application for a general rate increase in January, 1952, was denied entirely by the Public Utilities Commission on the ground that the evidence showed recorded earnings to be sufficient.

Cost Still "Low"

The Southern Counties Gas Co. points out that, from the customer's point of view the cost of gas will still be "very low"—only slightly higher than before World War II.

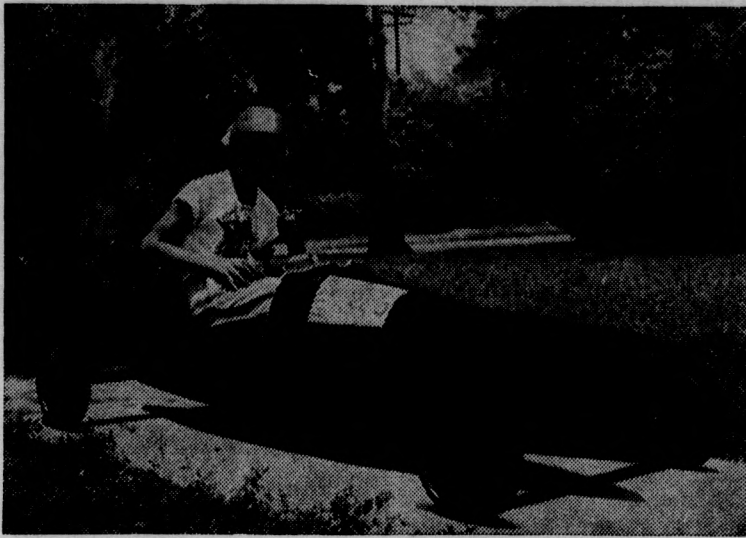

Largest increases, they say, will apply to gas used for house-heating in the winter months while the rates for cooking and water heating in the summer will, in some cases, be reduced.

Private Rites Held For N. Madge Long

Private funeral services were held Monday for Mrs. N. Madge Long, 82 E. Sierra Madre Blvd., who died July 22 at the age of 84. A native of Pennsylvania, she had been a resident of this city for 45 years.

Surviving her are: a niece, Mrs. Mary C. Perdue of Temple City; a nephew, Don R. Cameron of Pasadena; two nieces and a nephew, Miss Celia and Miss Ruth Cameron and Russell Cameron, all of West Virginia.

Local Derby Heat Winner

DOUG PETERSON, above, wheeled his shiny black Rambler down Soap Box Derby Hill last week to win first in his heat and his second Derby trophy. Peterson, one of eight Sierra Madre boys entered in the L. A. City and County Derby July 23, and only one to win his heat, is the 13-year-old son of Mr. and Mrs. Robert Peterson, 145 San Gabriel Court. He won a similar trophy last year.

Arthur Hewitts Back With New Degrees from Minnesota University

Mr. and Mrs. Arthur Hewitt and son Herk have returned to Sierra Madre after a 10-month absence and are now making their home at 593 Sturtevant Drive.

The Hewitts lived on campus at the University of Minnesota in Minneapolis while both completed post graduate studies for degrees. Hewitt received the M.A. degree in political science and history and Mrs. Hewitt the B.S. degree in education.

Hewitt, a former editor of the NEWS, has returned to his reporting work on the Los Angeles Herald-Express after his leave of absence. Mrs. Hewitt at one time was secretary of the Sierra Madre Chamber of Commerce and also edited, in 1949, the Pioneer Days edition of the NEWS.

Their son attended the Minneapolis YMCA camp before returning to California.

Since it began operation in 1948, the United States Military Air Transport Service has carried more than 1,650,000 military passengers.

To Show TV Film Aug. 1 on Subdividing

A film explaining the steps involved in subdividing land and the reasons for government control of subdivisions will be shown on KNBH, Channel 4, at 3:45 p.m., Aug. 1.

This film was prepared by the Regional Planning Commission of Los Angeles County with the cooperation of subdividers, engineers, and other private citizens. In its short length of 15 minutes, it shows undesirable features of land development prior to the establishment of regulations now in existence. It then shows the viewer the steps through which a subdivision goes in being processed and developed into a community of homes; and, finally, the good features being encouraged by the county in subdivision developments.

The primary reason for formation of the Regional Planning Commission of Los Angeles was the bad effect of uncontrolled subdivision activity in the early 1920's.

This film is important to every citizen for two reasons:

1. So that he may understand what is being accomplished by guidance of subdivision development; and
2. So that he may know what good features to look for in any tract in which he may be interested in purchasing a home.

Arthur Rohmans Build Home in Sierra Madre

Mr. and Mrs. Arthur Rohman recently moved into their newly built home at 195 S. Canon. Prior to coming to Sierra Madre the Rohmans were residents of Alhambra.

Mr. Rohman is the editor of "The Jonathan," publication of the Jonathan Club in Los Angeles. Mrs. Rohman was formerly associated with the staff of the gas company's weekly publication.

Marine Morrison Promoted to Corporal

Marine Norman R. Morrison, son of Mr. and Mrs. Clarence N. Morrison, 40 E. Laurel, has been promoted to the rank of corporal.

Morrison is an aviation metalworker for transport Squadron 352, Marine Aircraft Group 25, at the Marine Corps Air Station, El Toro, at Santa Ana, Calif.

He joined the Marine Corps in April, 1952.

Frazer Doughertys New Residents Here

Mr. and Mrs. Frazer Dougherty and their four children are newcomers to Sierra Madre, as of last week, and are residing at 509 W. Grandview. They have come here from Bethel in Fairfield County, Conn. Mr. Dougherty is vice-president in charge of sales at U. S. Producers, Inc., in Pasadena.

The Dougherty children are Frazer, age 9, Rush, age 7, Ariel, age 6, and Page, who is 4.

Five-Week Stay in East Planned By W. E. Faders

Mr. and Mrs. Walter A. Fader, 166 South Baldwin, and their daughter, Nancy, left last week for a motor trip to Michigan. While in the East they will visit their son-in-law and daughter, Mr. and Mrs. Clayton Cromer, and cousins, Mr. and Mrs. J. F. Smith, in Flint, Mich. The Faders expect to be gone for five weeks.

G. W. Griffins Have Two Weddings in Family

Mr. and Mrs. G. W. Griffin, 667 W. Grandview, have had two weddings in their family recently.

Their daughter, Rita, became the bride of Charles E. Addy, son of Mr. and Mrs. Truman Addy, 127 N. Pennsylvania, Glendora, June 26 at St. Rita's Catholic church. The young couple will make their home in Sierra Madre.

Their son, Gary Walter, married Marilyn Rich, daughter of Dr. and Mrs. R. J. Rich of Montpelier, Idaho, July 7. They will make their home in Urbana, Ill.

If you have news—call us.

Norman Nelson Family Honored at Barbecue

Mr. and Mrs. Dewey McGeary, 357 Auburn, and their daughter, Ernestine, recently had a barbecue dinner to honor Mr. and Mrs. Norman Nelson of Grants Pass, Ore., and their son, Denton.

Prior to moving to Oregon three years ago, the Nelson family had made their home in Sierra Madre for 15 years. While in this city they are the houseguests of Mrs. Betty Burr, 449 E. Montecito. The Nelsons will return to their home by way of Reno and Lakeview, Ore.

Those joining in the fun were Mrs. Betty Burr, Mrs. Effie Walsh, Mrs. Helen Bobb, Walter Fader and Bud Baines.

No More Dumping, Please

Some men around town who have businesses and chores of their own to attend to deserve solid gold kudos for finding time to clean up the property east of the Woman's clubhouse.

The site originally was designated as a collection point for the swimming pool newspaper collection drive but a lot of inconsiderate, unpublic-spirited people used it as a city dump.

The spot looks fine now, and like part of Our Town again. John M. Avedesian, contract rubbish collector, donated the use of his truck and the rusty old stove and refrigerator, the rotten peaches, wormy walnuts and old tires have been carted away.

The appearance of the lot offended a lot of people but the aesthetic sense of Harry C. Martin, local man in the decorating business, was so outraged that he offered, through the NEWS, to contribute \$10 towards the expense of clearing the property. Turns out there was no expense involved but Martin says his donation still goes to the paper drive.

Those who rolled up their sleeves and did the first class clean-up job included: Judge John C. Mead, new president of the Swimming Pool Ass'n, a VFW member; Avedesian, an Elk; Frank Barbour, Percy C. Kortkamp, George Hannaford and Vern Eppard, all of the Lions. Assisting were Boy Scouts, Campfire Girls and Blue Birds, all volunteers.

Sam Simpson wasn't able to get in on the work but did the calling for volunteers.

The paper drive is temporarily discontinued until the market price for old paper goes up.

Meantime, Sierra Madreans, let's observe the "no dumping" signs!

Flames and Fright

People hereabouts are pretty edgy about fires . . . and should be.

There've been all sorts of warnings and some mighty big conflagrations to think about.

Little wonder, then, that a woman resident on Monte Vista was seriously alarmed to be awakened quite early the other morning by the sound of a fire crackling, then to observe flames leaping behind a neighbor's house.

It was a panicky situation, what with the woman's genuine fright and the feeling of helplessness experienced by her husband, temporarily bedridden and convalescent.

The subsequently aroused neighbor reported back that it wasn't his house burning but lath being destroyed at a nearby nursery. By that time the Arcadia fire department had arrived but found no need to take off any equipment.

It's difficult to suggest how this household and others in the vicinity might have been spared that momentary fright.

We can hardly advise that people relax and take it easy until they learn the nature of a fire, the source of the flames. Every minute counts, we're told.

It would have been thoughtfulness on the part of the nursery people to see that ALL their neighbors were aware they'd be doing some large scale burning.

But they frequently destroy lath, always with a permit and under supervision. They hadn't realized that this fire, admittedly a rather large one, would be even more visible because the area previously closed in is now open.

Best that we just continue to be wary and have a healthy respect for fire . . . anywhere and at any time.

In any event, the nursery people have very little lath remaining and will use other means of disposal.

Legions of Hope

(A Bakery Chain's Tribute to Boy Scouts)

Far off, at hush of dawn, in muted melody,
We heard your cheerful bugles sound the reveille.
We saw your scouting parties thread a sunlit lane
With pack on back and sturdy staff in hand. Again
On city streets, your troop and unit banners high,
We saw the finest of our boyhood passing by.
An eager army on the march; and whither bound?

To do your duty and your best for God and Country, yes.
Yet, none of scouting lessons learned nor flags you bore
Related to the hates and panoplies of war.

Yours are noble aims of man. Your Boy Scout creed
Affirms the Golden Rule, the daily helpful deed.
The kindness, the reverence that helps mankind
To leave his early pagan errors far behind
As he mounts higher from the darkening plain

LETTER TO THE EDITOR

SIERRA MADRE, CALIF., July 20, 1953

THE EDITOR, Sierra Madre News

Dear Sir:

May I take this means of thanking the people of Sierra Madre who have cooperated so wholeheartedly in making my new weekly pick-up service a success.

Especially do I want to thank the people who have taken the time to write in to the paper to show that the system is being appreciated. So often human nature does not hesitate to register complaint when annoyed but becomes quite reluctant in complimenting one for something which is taken for granted, and so a letter of satisfaction is most gratifying and proves that my effort in helping to promote this new method was appreciated.

When the public overcame their first instinctive dislike of the "container and bundle system" they began to offer constructive criticism and got right in the spirit of the whole thing. I must say that this method would never have lasted if it hadn't been backed by the city officials. Many hours were given toward this idea, taking into consideration the public view of the issue and also keeping me in mind.

Special credit goes to R. Merritt Baker, the city administrator, who has taken the initiative to follow the idea through. He felt that if other cities could do it (pack and bundle), why couldn't we?

He started as far back as a year ago to educate the public toward these lines, along with the help of the Sierra Madre News, without which he could never have contacted the people directly.

The space for the articles regarding specification, the pictures showing the correct and incorrect ways of putting out trash, etc., came out in the paper to help explain the system.

May I again thank Mr. Baker, the City Council, the Sierra Madre News, the clerks at the City Hall, and most of all the people of Sierra Madre.

Sincerely
JOHN M. AVEDESAN, Contractor.

In this kind of a world of interdependent fraternal and economic associations, selfishness seems to defeat itself. Whenever it is evidenced that we are "grasping advantage" — that our gain must be their loss — we are soon isolated and alone. Other persons do not like our attempting to use them any more than we would like their trying to exploit us at our expense. — Dr. J. Richard Sneed, First Methodist Church, Los Angeles.

Congressman Edgar W. Hiestand REPORTS THE WASHINGTON NEWS

The House passed a bill dedicating a small room in the Capitol for the purpose of a meditation room for members. The project has a deeper significance than appears on the surface. It will, of course, be completely non-sectarian but there seems to be a popular need for a place in the Capitol for private meditation and prayer.

Immediately upon passage, I received a phone call from two Altadena constituents whose business is "craftsmanship in stained glass," offering to donate a beautiful window to the room. I have an appointment with the chairman of the committee and the Capitol architect to see how this wonderful gesture can fit in.

FOREIGN AID

The Mutual Security bill which the House passed went to the Senate and was modified somewhat is now in conference. This is simply the Authorization Bill. The Senate said positively it should end June 30, 1954. Now comes the Appropriation Bill which has not yet reached the House floor. There are many large items, such as aid to Yugoslavia, Spain, Portugal, Denmark, France and Britain, that are certain to come under fire.

Most Congressmen are in favor of help to such allies as Turkey, Greece, Pakistan, Nationalist China, etc. A Senate Appropriations and General Accounting Office Staff Committee gave as their opinion that France is "constitutionally incapable of balancing its budget and is using U. S. aid to avoid raising taxes." It is said that even sturdy, thrifty little Denmark is supplying ships to Russia while accepting our aid, that Tito, a Communist, and Franco, a Fascist, are not loyal to us. You can't believe everything you hear but there must be some truth in some of it.

POST OFFICE

"The Post Office should be

so managed that it pays for itself" is the opinion of thousands of people of our District and, I believe, of every district. The Postmaster General agrees that the more quickly we make the Post Office pay for itself the more quickly the thousands of deserving Post Office employees may get more adequate compensation. Mr. Summerfield believes he can cut the present deficit of \$15 million to less than \$75 million by a one-cent increase in air mail and in non-local first-class mail, plus a substantial increase in second-class and a flat 12-cent bulk for third class. Increases of any sort are unwelcome to the public, of course, but I am sure the vast majority of the public believes that as gigantic a business as the Post Office can be managed to pay for itself and not be an added drain on the taxpayer.

SMALL BUSINESS

Administration officials have endorsed the project of an independent small business administration which can absorb the Small Defense Plants Agency and take over the lending responsibility of the RFC. A Senate committee has raised to \$300,000 the maximum loan limit established by the House at \$100,000. Secretaries Humphrey and Weeks are agreeable for the independent status at present, though eventually it should be under the direction of the Department of Commerce.

RECESS

July 31 is still the objective of the House leadership and Senator Knowland, the Acting Senate Leader, still clings to the same objective. Personally, despite the 98 degree temperature here, with 91 per cent relative humidity, I'd rather take another week and get through a lot of other measures upon which the committees have been working so hard. Boy, how the Hiestands long for a glimpse of the blue Pacific!!!

Mr. and Mrs. E. A. Newton, 217 S. Baldwin, have recently returned from a five-week stay in Honolulu. They were the houseguests of their son-in-law and daughter, Mr. and Mrs. John Bustard, and their grandson, Johnny.

While in the Islands they took an air tour over all the islands and stopped at the largest of the group, Hawaii, for three days.

Mrs. Bustard will be remembered as the former Martha Newton. She and her son spent the holidays last year in Sierra Madre.

E. W. Beutlers Give Patio Dinner Party

Mr. and Mrs. E. W. Beutler, 409 Ramona, entertained recently at a cocktail and dinner party on their patio.

Those in attendance were Mr. and Mrs. Kenneth Bush, Dr. and Mrs. Milton Valois, Mr. and Mrs. Robert Bettencourt, and Mrs. Virginia Sayles.

Patricia E. Meeder, Donald J. Colbert Wed in Las Vegas

Mr. and Mrs. Milton Meeder, 535 S. Sierra Madre Blvd., Pasadena, have announced the marriage July 6 in Las Vegas of their daughter, Patricia Ellen Meeder, to Donald Joseph Colbert, 329 W. Highland.

The former Miss Meeder is the sister of Mr. Colbert's first wife, Jean, who met death more than two years ago in an automobile accident near Santa Barbara.

Buy Meeder Home

Mr. Colbert has been making his home with the Meeders at the West Highland address and recently purchased that house from them. He and the new Mrs. Colbert and her children by a former marriage, Terry Ellen and Jackie Lynn, will make their home there.

The newlyweds had a week's honeymoon trip to Boulder, Colo., and Lake Arrowhead.

Feted at Party

Last weekend they were feted by some of their closest friends at a swimming party, barbecue and wedding shower at the home of Mr. and Mrs. Earl Lalone, 380 W. Ramona. Mr. and Mrs. Colbert were presented gifts for their new home.

Attending were: Mr. and Mrs. John Colbert, Eugene Colbert, Mrs. Sylvia Colbert, Mr. and Mrs. Russell Garland, Mr. and Mrs. Meeder, Mr. and Mrs. William Guardia, Mr. and Mrs. John Grijalva, Mr. and Mrs. William Gardner, Mr. and Mrs. Henry Vis, Mr. and Mrs. Allen Murphy, Mr. and Mrs. Val Marriotti, Mr. and Mrs. Joseph Vernon, Mr. and Mrs. Jack Mitchell, Mr. and Mrs. Edward Lalone and the hosts.

Roland Adamse Return From San Diego Visit

Mr. and Mrs. Roland Adams, 217 W. Highland, recently returned from a week's stay in San Diego.

While in San Diego they were houseguests of their son-in-law and daughter, Commander and Mrs. W. M. Brown. A trip over the Mexican border was one of the side trips enjoyed by the Adamses.

MRS. CHARLES STEWART GRACE JR., above, and her husband will make their home in Downey after returning from the honeymoon trip through Colorado. Mrs. Grace is the former Dorothy Janet Smith, daughter of Mr. and Mrs. Robert Smith.

DOROTHY J. SMITH BECOMES BRIDE OF CHARLES GRACE IN CEREMONY HERE

Miss Dorothy Janet Smith, daughter of Mr. and Mrs. Robert Smith, 198 N. Lima, became the bride of Charles Stewart Grace Jr., son of Mr. and Mrs. Charles Stewart Grace of Downey, Calif., July 25 at the Sierra Madre Congregational church. Rev. Carl Smith read the marriage service.

The bride was gown in a full-length white taffeta dress fashioned with a snug, long-sleeved bodice topped with a net yoke edged by ruching. The dress had been worn by Mrs. J. W. Taylor, sister of the groom, at her wedding. The bride's veil was held in place by a jeweled crown. White glamoillias were used in the bridal bouquet.

Mrs. Carlton C. Crystal of San Luis Obispo served her sister as matron of honor and was attired in an aqua blue taffeta ballerina length dress. Miss Mary Beth Johnson of Sierra Madre and Mrs. John Carr of Claremont were the bridesmaids and were dressed in green and blue, respectively, ballerina dresses. The bride's attendants wore small crowns on their heads and carried bouquets of pink glamoillias.

Christine Schack, cousin of the bride, and Carol Schmidt, niece of the groom, were the flower girls. Evert Foss, cousin of the bride, was the ring bearer.

Raymond Redfield of Yorba Linda was best man. The ushers were James Copeland and John Pehrson, both of Downey.

The bride's cousin, Ronnie Foss, was the soloist and Mrs. Richard Patterson the organist. The bridegroom's sister, Mrs. George Schmidt, assisted with the guest book.

The reception immediately followed the service and was held in Pritchard Hall of the church. Pink and white decorations were carried out in the church and on the bridal table and cake.

The bride was graduated from Pasadena City college and Long Beach State college where she received her elementary teacher's degree. While in school she was affiliated with the Orchestra club, Melody Mads, Kantala, and Spartans. The groom is a graduate of Whittier college and a veteran of the last war.

After a honeymoon trip through Colorado the young couple will make their home in Downey.

Dinner Sponsored For Benefit of New Club

The newly forming Foothill Golf and Country club sponsored a dinner last night at Woody and Eddy's restaurant. Over 200 people were in attendance and further plans were made for the proposed country club which is to be located in Fish Canyon, Duarte.

Among those at the dinner from Sierra Madre were Mr. and Mrs. George Osborn, Mr. and Mrs. Ray McGowan, Mr. and Mrs. Frank R. Parks, and Mr. and Mrs. H. E. Hopkins.

MISS JESSIE BOYD VISITS OLD FRIEND IN MODESTO

Miss Jessie Boyd, 198 West Montecito, returned last week from a two-week visit with a close friend in Modesto, Calif.

Miss Boyd stated "it was a very pleasant visit except for the 103 degree heat!"

Christian Scientists
Study Lesson-Sermon
On "Love" This Week

That God is Love and that God's love makes man vital, strong, helpful, and protective is pointed out in the Lesson-Sermon on "Love" to be read in all Christian Science churches on Sunday.

The Golden Text from II Corinthians (13:11) reads, "Be perfect, be of good comfort, be of one mind, live in peace; and the God of love and peace shall be with you."

From Luke's Gospel (10:33-35) is taken Jesus' parable of the Good Samaritan. He finds a traveler who has been robbed and beaten and none would help him. "But a certain Samaritan," says Jesus, "as he journeyed, came where he was; and when he saw him, he had compassion on him, and went to him, and bound up his wounds, . . . and brought him to an inn, and took care of him." And when he departed, he said to the host, "Take care of him; and whatsoever thou spendest more, when I come again, I will repay thee."

"Our Master taught no mere theory, doctrine, or belief, declares Mary Baker Eddy in 'Science and Health with Key to the Scriptures.' She continues, 'It was the divine Principle of all real being which he taught and practiced. His proof of Christianity was no form or system of religion and worship, but Christian Science, working out the harmony of Life and Love' (p. 26).

HOW OLD, A QUEEN?

The present Queen Elizabeth is exactly the same age (25) as the first Elizabeth was when she ascended the throne. The youngest princess to become queen, was Victoria who was 18. The first Mary was 37, Anne was also 37, and the second Mary was 27 when they became queens.

Aid To Needy

Salvation Army Fund Drive
On, R. C. Lewis Chairman

Field Representatives Nicolina James and Evelynne Lyle of the Southern California Divisional headquarters of the Salvation Army are in Sierra Madre for two weeks to assist in the current fund-raising campaign.

Local residents are being informed by mail and personal contact of the Salvation Army activities and the need it fills. It is not a member of the Sierra Madre Community Chest, it is pointed out by R. C. Lewis, chairman of the local sponsoring committee.

Committee Listed

As treasurer of the local committee, A. E. Morgan of the Bank of Sierra Madre is accepting contributions. Others on the committee are: Charles B. Klunk, Harry A. Lange, Mrs. R. A. Pratt, Thomas M. Schwartz, Frank A. Spencer and Mrs. F. H. Peterson.

One of the many functions of the Salvation Army in Southern California is the operation of Camp Mt. Craggs in the Malibu mountains which opened in June and for which registrations are still being accepted for weekly periods starting Aug. 4, 11 and 18.

Boys and girls between the ages of 8 and 15 may register

Nancy Holmes
SUGGESTS

THE HOSTESS with the mostest know-how in entertaining serves her guests simple but superbly seasoned food, and she never plans a number of complicated courses without ample serving help. There's nothing so distracting, no matter how good the food may be, as a hostess jumping up and down, up and down to serve. When the June bride gives her first luncheon, Nancy Holmes of the Best Foods consumer kitchens, suggests salad and dessert courses as the best menu plan. A chicken salad garnished with tomato wedges is delicious. With it pass melba toast and finger sandwiches of water cress and cucumber.

Dessert for these hot days would ideally be something with fresh fruit. An ice-cold melon cup topped with lime sherbet would make a colorful and taste-thrilling finish.

Rich Chicken Salad

3/4 cup real mayonnaise
1 package (3 oz.) cream cheese
1/4 cup milk
Dash of Tabasco sauce
3/4 cup finely diced celery
5 to 6 cups cooked chicken, diced
3/4 to 1 cup small stuffed olives, halved
Salt and pepper
Salad greens

Blend real mayonnaise and cream cheese thoroughly. Add milk and stir until smooth and creamy. Add Tabasco sauce and celery. Let stand in refrigerator while preparing chicken and olives. Toss chicken and olives with mayonnaise mixture and season to taste. Chill and serve on salad greens. Yield: 8 servings.

Local Group Plans
Fall Fashion Show

The members of the Foothill Community Jewish Center are sponsoring a fashion show Thursday, Aug. 13, at 8 p.m., at the Center, 212 N. Lima.

Proceeds from the affair will go toward the purchase of a piano for the Center. Mrs. Nat Danchik and Mrs. Gene Yaskin are in charge of the evening's entertainment.

Fall fashions will be featured by an Arcadia dress shop. Refreshments will be served. Everyone is cordially invited to attend.

Friends Learn of Death
Of Mrs. Cyrus White,
Frequent Visitor Here

Sierra Madre acquaintances of Mrs. Cyrus White of Berkeley have been notified of her death Saturday, July 25, at the age of 76, following a cerebral hemorrhage. Mrs. White had been a frequent visitor here.

Just several hours before she was stricken, Mrs. White had accompanied Miss Martha C. Pritchard, 121 E. Alegria, Sierra Madre, to the train in the northern city at the conclusion of Miss Pritchard's visit there last week.

Mrs. White was the mother of Mrs. Arthur O. Pritchard Jr. of Berkeley, wife of Miss Martha Pritchard's nephew. It was in their home that the Sierra Madre woman had been visiting.

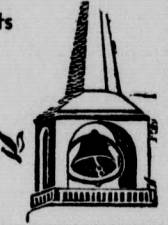

Mrs. White's husband, who also was known in Sierra Madre, died in 1946. Mrs. White was a native of Kansas and had lived in California for 20 years.

New Pastor
Welcomed At
ReceptionMayor Korsmeier
Extends Greeting

Local civic and religious leaders joined Sunday night with over 200 members of Bethany Church and a number of visiting ministers from the Los Angeles area to welcome Dr. Robert Schaper as the new pastor of Bethany Church. The reception was held following the evening service. Words of greeting were extended by Mayor Henry F. Korsmeier, Knox Hagar, president of the Kiwanis Club; Rev. Orian G. Burlison, pastor of the Nazarene Church, and Rev. Roy Gibbs of the First Baptist Church.

Also featured on the program were Dr. James Henry Hutchins of the Lake Avenue Church of Pasadena, Lee Bailey of the San Gabriel Union Church, recent state president of California Christian Endeavor, and Dr. D. R. Thomas of the Baptist Tabernacle of Pasadena.

Also present and on the program were Dr. Roderick D. Morrison of the Community Bible Church of Pasadena, Rev. Burns Anderson of the South Arcadia Union Church, Rev. James Beaty of the Third Brethren Church of East Los Angeles, Dr. Hoyt of the Grace Theological Seminary in Winona Lake, Ind., and Mr. Art Raymond of the San Gabriel Union Church.

In congratulating the church on bringing Dr. Schaper as pastor, Mayor Korsmeier said, "I think it is wonderful that you have brought a man to Sierra Madre who is interested in young people. These are days in which the youth of the world needs to be drawn closer to Christ and I believe that you have a vision of doing that here in our wonderful little city."

Vocal solos were presented by Mrs. Schaper and Mrs. Royal C. Grubb of Riverside, Calif. Dr. Schaper announced that he is continuing a series of messages on "Bethany in the Bible" on the coming Sunday morning. He will be speaking on the topic, "Can We Serve Too Much?"

Dr. Schaper, Mrs. Schaper and their children, Margaret and Robert Jr., aged 5 and 3 years, respectively, and Reed, four months old, are residing at 425 Manzanita.

Frederick S. Daenitzs Have Garden Wedding

Mary Alice Abbott, daughter of Mrs. J. C. Macdonald, became the bride of Frederick S. Daenitz, July 9 at a candlelight ceremony held in the gardens of the bride's mother's home, 3332 Castana, Glendale. Rev. Lawrence Weinert of the Church of the Lighted Window, La Canada, read the service. A reception was held immediately following the ceremony.

The newly married couple recently returned from a honeymoon at Ensenada and are making their home at 1165 Michillinda.

It is estimated that the original forested area of Canada covered 2,000,000 square miles.

ORVILLE JOHNSON FAMILY VACATION IN SAN JOSE

Mr. and Mrs. Orville Johnson, 1215 Tropical, and their two children, David and Debbie, have recently returned from a visit in San Jose, Calif. While in the northern city they were house guests of long-time friends from Minneapolis, Minn.

Robert E. Clarks Home After Eastern Vacation

Mr. and Mrs. Robert E. Clark, 1170 Tropical, recently returned from a three-weeks vacation. The couple flew to Lansing, Mich., where they received delivery on a new car. After visiting Chicago they went to Winnipeg, Canada, and continued to the west coast via the Canadian route. Before returning to their home they visited Lake Louise, Banff, Washington, Oregon, and San Francisco.

Rimmels Entertain Dayton Relatives

Among the many out-of-state visitors recently in the ranch were relatives of Mrs. Jay A. Rimmel who spent a few days with the Rimmel family at 3865 Canfield Rd. They were Mrs. Rimmel's brother and his wife, Mr. and Mrs. Conrad Weller of Dayton, Ohio, and Mrs. Weller's parents, Mr. and Mrs. Woodrow Hunt, also from Dayton.

Has Bridge Luncheon

Mrs. Paul F. Kelley, 1220 Coronet, recently entertained friends with a bridge luncheon. Those attending were Mrs. Robert Houseal Jr., Mrs. Maurice Bolotin, Mrs. Gordon Templar, Mrs. Gerald Sahey, Mrs. Arthur Young, and Mrs. Lloyd Tollefson.

Summer Vacations

Mr. and Mrs. Bruce Wallace with their son Dick, and daughter Carol, of 3775 Greenhill Rd., have returned from a month's trip through the eastern United States to Lansing, Mich., where they bought a new car, and then to Detroit, Springfield, Mass., and to Connecticut, where they visited on a 150-acre ranch (particularly thrilling for Dick and Carol). From there, their travels took them to Boston, and to Morrisville, Pa., where they visited the S. L. Yarbrough family for a few days. (The Yarbroughs who lived at 3770 Greenhill Rd., until they moved east a few months ago, asked to be remembered to their many friends in the ranch, and are longing for the day when they can return to California.)

In Pennsylvania the Wallaces visited the spot where Washington crossed the Delaware and took in all of the interesting historical and scenic places in Philadelphia, New York, Washington, D. C., and Chicago, and then home via the Grand Canyon.

While visiting the Empire State building in New York the Wallaces probably had the most "hair-raising" experience of their lifetime. The elevator in which they were going up to the top stuck between floors near the 86th floor and left them stranded for fully five minutes. Squeezed in with other sightseers in an overcrowded space, Mrs. Wallace recounts they spent some worried moments. We tried to act

placid amid the children's frightened questions, but we didn't feel that way," Mrs. Wallace says.

Mr. Jay A. Rimmel and son Dennis are back home at 3865 Canfield Rd. after a month's trip to Youngstown and Dayton, Ohio, where they visited relatives. They report that the weather was extremely hot there. Though they returned to high temperatures in Pasadena, they are enjoying the lower humidity and cooler nights of California. Mrs. Rimmel, who stayed home and kept busy with her gardening hobby and organ lessons, also welcomed their return.

Patricia Lindsay, daughter of Dr. and Mrs. O. W. Lindsay, 3750 Newhaven Rd., is traveling in the East for a month with Mr. and Mrs. M. K. Meade and their children of Monrovia. They are visiting in Chicago, New York, North Carolina and New Orleans.

Mr. and Mrs. Harry M. Gaines, 3830 Canfield Rd., recently returned from a three-weeks trip which took them to Washington, D.C., Philadelphia, and Chicago. Their daughter Charlotte accompanied them.

Mr. and Mrs. Jennings David, 585 Rim Rd., spent eight days recently at a guest ranch in Apple Valley and Las Vegas.

The Kenneth Simpsons, 3780 Fairmeade Rd., are home from a month's stay in Missouri. A year ago they bought a farm near the town of Aurora, Mo., 30 miles south of Springfield, and this year rented a house in Aurora so as to become better acquainted with their property and its surroundings. The farm has a very interesting building on it, though not at present in liveable condition. It is a log cabin of the old homesteading days, hand-hewn shingles and all. The Simpsons plan to preserve it as a historic landmark. Meanwhile their hearts and interests are drifting more and more toward their beautiful farm in the middle west to which they have already moved a herd of cattle. The Simpsons' many friends in the ranch are disheartened to hear that Missouri may soon be claiming this ranch family as residents.

Mr. and Mrs. Frank Fenger, 3875 Landfair Rd., have just returned from a three-weeks trip to the Hawaiian Islands. Making the trip on the Lurline, the Fengers stayed at the Royal Hawaiian Hotel on the Beach of Waikiki, near Honolulu, and from there visited the other islands of Hawaii, Maui, and Kauai.

Mr. and Mrs. James E. Alexander, 3850 Canfield Rd., are home again, with beautiful tans, after a week's vacation at La Jolla. They stayed in a cottage near the beach and enjoyed relaxing on the sands nearby and the many beaches surrounding La Jolla.

Mr. and Mrs. John G. O'Donnell, 1185 Michillinda, and their two children, Katie Lou, 2, and Edward J., have recently joined forces with the neighbors in the Ranch. The O'Donnells formerly made their home in another section of Pasadena.

Darry Ingersoll Marks Birthday With Party

Darry, son of Mr. and Mrs. Alfred C. Ingersoll, 1135 Valley View, is celebrating his sixth birthday today by entertaining his friends at a swimming party. Punch and birthday cake will be served around the pool.

Those expected to take part in the "aquacade" are Karen

and Tenny Barnes, Carol and Bobbie Cushman, Susie and Judy Clark, Cathie and Ricky Wilson, Jeannie and Cathie Lyness, Chuckie LeBon, and Butchie Chinn. The mothers keeping a "weather eye" on the children will be Mrs. Wayne Barnes, Mrs. James Chinn, Mrs. Robert Cushman, Mrs. George Clark, Mrs. Cy Lyness, Mrs. Charles LeBon and Mrs. Robert Wilson.

TEACHING STAFF ANNOUNCED FOR FALL OPENING OF RANCH NURSERY SCHOOL

A staff of four teachers, headed by Mrs. Mary Marsh McNeish, has been hired in readiness for the September opening of the Hastings Ranch Nursery School. It was announced today by Mrs. Charles E. Cowen Jr., chairman of the board of directors. The cooperative nursery school, to be held at the Trinity Presbyterian Church, Hastings Ranch Road and Sierra Madre Blvd., will have a beginning enrollment of 80 youngsters in the three-year-old to kindergarten age bracket.

Mrs. Clara Berlow, Mrs. Joyce Kraus, and Mrs. Jane Pritchard, teaching under Mrs. McNeish as director, will make up the full-time staff. Mothers of the students, each working one day a month, will complete the personnel required to operate the school.

Mrs. McNeish comes to the newly-formed Hastings Ranch organization from the Arcadia Cooperative Nursery School,

where she was assistant director, and president of the parents' organization. A graduate of Wellesley College, Wellesley, Mass., she holds a master of arts degree in early childhood education from Columbia Teachers College, New York City, and has taken additional work in teacher training at Pacific Oaks Nursery School and UCLA.

Mrs. Berlow attended Hunter College, New York City, and is a graduate of the Bank Street College of Education. She has had 10 years' experience in New York nursery schools.

Mrs. Kraus comes from the Pacific Oaks Nursery School where she completed her training and teaching in May.

Mrs. Pritchard has just completed a course with the Pasadena school system in play group work. A graduate of UCLA with a bachelor of arts degree in education, she has had experience in both nursery schools and the primary grades in Southern California.

Our Used Cars have a Lifetime Guarantee for us

In a way, we're selfish

We've been Ford Dealers here for a good many years — and we want to stay in business for our lifetime. And longer.

So we guarantee our staying in business by the kind of deal we give you on used as well as new cars — a straight and honest deal. With no hokum. No hokey.

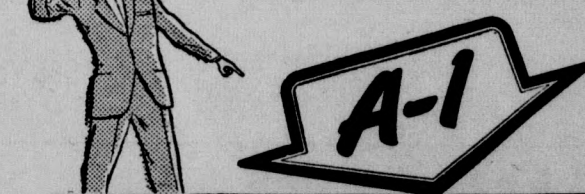

Our used cars, we say, are good used cars. And we mean it—'cause if we play honest with you on used cars we know you'll come back for still another. Or maybe a new Ford, which is even better. Maybe next year. Maybe ten years from now when we will still be in the automobile business.

Here are some examples of our good used cars:

- 1950 FORD V-8 Custom Tudor..... 1145
- 1949 FORD V-8 Fordor..... 745
- 1948 FORD V-8 Tudor..... 545
- 1947 FORD V-8 Fordor..... 545

'Errors' Show Opens Tonight At Playhouse

King Shakespeare extends his reign at the Pasadena Playhouse with "Comedy of Errors" opening tonight as the second staging of the current 19th Annual Midsummer Drama Festival.

With three "Comedies of Shakespeare" featured in this year's festival, the Playhouse marks its third series of Bard plays themed in summer presentations since the first festival in 1935, when the Chronicle dramas were produced.

With the antics and amours of two sets of twins to keep it bouncing, the plot of "Comedy of Errors" maintains the same romping, rollicking pace set for the Bard festival by "The Taming of the Shrew," which closed Sunday.

It's a case of compounded mistaken identity and multi-picked merriest when all these look-alikes get split up, re-mix in hilarious fashion, court each other's loves and suffer each other's punishments.

Jack Pierce, director of the recent comedy smash hit, "Mister Roberts," returns to the Playhouse to guide the production. Kerwin Mathews, James Creson, Eloise Taylor and Sharon Curtis are cast top liners, with Patti Kane, James Kiefer, Daniel Catalano, Sela London, Alfred Corday and Wilmer Clark also featured in major roles.

Warden played the part of a foreign correspondent in "Love of One's Neighbor" and Del Valle had the role of a pastor in the same play and also played a valet in the play, "The Fourth Mrs. Phillips."

Scanning the Sportscene

With BOB BROGGER

The Sierra Madre boys working all day and practically all night to get their soap box ready for the big race last Thursday made a pretty good showing in the Derby.

We only stayed long enough to see three Sierra Madrans race, and each one of them came in second in their heat. We're sorry to say that we do not know the name of the third fellow but we know he was from Sierra Madre.

Boys that we do know of are: Peedee Ward, and Dick Dewey. Let us hear from the rest of you boys so we can see if we got a first in any race.

Besides being exciting, the Soap Box Derby has its funny moments, too.

Spectators got a kick out of some of the boys, cautioned before the race by fathers and sponsors NOT to put on their brakes too soon. Consequently, some didn't use their brakes after finishing, even—and kept right on going off the track and into the street. Nothing to worry about, though, because they'd lost enough momentum that a couple of men could stop them.

One racer scared the spectators stiff. Looked like he was going to keep right on and crash into a truck. About then he looked around and casually waved goodbye. Scared? Not that boy, he was going home!

What's doing in the majors?

Since the departure of Birdie Tebbetts and Tommy Holmes, southpaw Billy Pierce of the White Sox has fallen heir to the title of "the ball-player with the highest soprano voice." Most players select a bat with more care than a prospective bride picking a wedding gown, but Brooklyn's Duke Snider grabs any bat lying around. Don't get too frisky on the base paths, they say in the dugouts, when either Del Crandall of the Braves or Mickey Grasso of the Senators is catching. Both receivers will throw quicker than any catcher in the big leagues.

The Mexican city of Cholula has a population of 10,000 people and 280 churches.

Avila Adobe Oldest House In Los Angeles

Tourists in the Los Angeles area who visit Olvera street, with its curio shops, will find at the very heart of all this the oldest and most historic building in the city: the Avila Adobe.

When, in the early 1820's, Don Francisco Avila married the beautiful Senorita Encarnacion Sepulveda, he decided that their new home should be the grandest in the place.

Large, Spacious Rooms
The home he built had large and spacious rooms with high ceilings held up by beams hewn from cottonwood trees. These rooms were richly furnished and hung with satin damasks imported from France. These along the front of the house had French windows opening on a long veranda. The bedrooms along the back of the house opened on a sunlit patio. The walls were more than three feet thick and the strong roof was tight against the storm.

Here Don Francisco lived for almost a decade in true Spanish luxury, becoming at one time Alcalde of Los Angeles and being almost constantly engaged in the political intrigues and plottings that were common in California during the time of Mexican rule. Out

ANNUAL OHIO PICNIC SET FOR SUNDAY, AUG. 2

Hundreds of "Buckeyes" are expected to attend the annual Ohio picnic Sunday, Aug. 2, in Bixby park, Long Beach.

Those attending may buy food on the grounds or may take basket lunches. The day's program will be opened at 1 p.m. by the Long Beach Municipal band. Speeches and other entertainment will follow. Minnie Burns, 903 Redondo, Long Beach, is president of the Ohio State society.

A Milwaukee man recorded atomic explosions with a deep well. He'll probably use that well for something else if the explosions get too close.

of one of these political plottings grew a battle in which the good don was killed but his widow carried on in the grand house and kept it a center of gay social activity for many years to come.

Fremont's Headquarters
In January of 1847, when the United States was at war with Mexico, Commodore Robert Stockton and General Stephen Kearny marched into Los Angeles at the head of their troops, came upon the Avila Adobe tended only by a servant that the family had left behind, and immediately took it over as their American headquarters. A few days later General Fremont arrived and made his headquarters the seat of the new American government.

After a period of decay, in which its walls crumbled, its windows were boarded up, and rats ran through its darkened rooms, the Avila Adobe was rescued and restored by the good works of some public-minded citizens and an aroused public sentiment and today it stands as a colorful reminder of a rich and quaintly peaceful past that has long since slipped away.

Summer School Over This Week; Kids,

Summer classes at the Sierra Madre City school will be concluded this week and the teachers will go on vacation. The school offices will be open through August but registration of new pupils for the fall term will not begin until Sept. 1. Registration will continue daily, 9 a.m. to 4 p.m. through Sept. 15. Classes will begin the following day.

Supt. of Schools Charles A. Skutt reminds parents of new children entering kindergarten and first grade that they must have their birth certificates or birth date affidavits with them at time of registration.

The answers to everyday
insurance problems*
By HARRY A. LANGE

QUESTION: I read in today's paper about a car that was parked on a hill, slipping its brakes and rolling through a service station and restaurant. The damage was estimated at more than \$20,000. If the car owner carried \$5000 property damage insurance like I do, he'd be stuck for the other \$15,000 wouldn't he?

ANSWER: He probably would be! The cost of Property Damage insurance is not high and most people don't carry any where near enough for adequate protection.

GETTING TOGETHER INDUSTRIALLY

The technique of "getting together" involves in spirit a willingness to meet and know one another, to begin over when negotiations are not successful, to see the other side of the case, to make concessions where possible, or a reasonable explanation why they are impossible. This technique solves problems, makes friends, and preserves the physical, mental, and spiritual dignities of all involved.—Dr. J. Richard Sneed, 1st Methodist Church, Los Angeles.

Stars of the Hollywood Ice Review enjoy summer outings, such as backyard turkey barbecues, while practicing for their fall and winter skating performances throughout America. Star performers on ice and stars of barbecuing at outdoor fireplaces are Carol Lynne (standing) and Dee Larkin, both of Chicago. Carol applies the barbecue sauce to a quarter of a turkey while Dee holds turkey on long-handled fork used for turning the birds during barbecuing. The girls insist that barbecuing, unlike ice skating, requires no practice.

SCHOOL GOES FORWARD ON PURCHASE OF RE-ZONED SITE

As a result of the Planning commission's grant of a warrant to the City School district covering use of property at N. Canyon near Highland Ave., the trustees are now in a position to complete purchase of the site at an already established price from the First Trust and Savings Bank of Pasadena. Estimated starting date of construction is November.

Rezoning for school purposes of the above site, now in a single family classification, was opposed by owners of some adjacent and nearby properties on the contention that their property values would be depreciated.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were swollen.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Advices Quick Treatment of Heat Cases

ROY O. GILBERT, M.D.
Los Angeles County Health Officer

Hot weather, such as that recently experienced in Los Angeles, may be the cause of heat prostration (heat exhaustion) or sunstroke (heatstroke), both of which are conditions injurious to health.

To the aged or to those persons with heart trouble they present an even greater danger, for the death of such individuals during spells of hot weather is not uncommon. Although prompt administration of the correct treatment can do a great deal for people who are afflicted with these disorders, the wisest course is to prevent them from occurring.

"Thermostat" Collapses

The underlying cause of these conditions is the collapse of the body's heat-regulating system during prolonged heat or overexposure to the sun. The loss of large amounts of water and salt through profuse perspiration helps to bring on the collapse, while any form of exercise that tends to heat the

body puts an extra load on the system.

Heat prostration is not necessarily associated with exertion, however. It may vary in severity from a tired feeling to a state of complete collapse. When severe, the onset is generally rather sudden and is accompanied by weakness, dizziness and profuse perspiration. The skin is cold and, although it may become purple in hue, is usually very pale. Cramps and nausea may occur. There is little or no fever and rarely is there any loss of consciousness.

Treatment Told

Proper treatment consists of placing the patient in a cool quiet place, flat on his back, with the head low. Hot coffee or aromatic spirits of ammonia (one-half teaspoon in water) should be given when the patient is able to drink. The drinking of ice water is to be avoided.

Sunstroke also occurs suddenly but is frequently accompanied by early loss of consciousness. The skin is hot and dry and the face violently flushed. Dizziness and violent headache are common and convulsions may follow. Fever is high and may reach 107 degrees or more in some instances. Emergency first aid is very important in cases of sunstroke.

The patient should be moved to a cool place and allowed to rest on his back with the head and shoulders raised. Clothing should be removed and, when possible, the body should be moistened with a gentle spray of cool water.

Use of Compresses

In lieu of this, ice may be applied to the head and cool, wet compresses placed on the body. It is not considered advisable to lower the temperature below 102 degrees. Cool water should be given when the patient is conscious. Stimulants and iced drinks are not advised.

In either of these conditions a physician should be called without delay. And remember, a few commonsense precautions will nearly always prevent them. The U. S. Public Health Service gives these hot weather rules:

- Don't expose yourself to the heat when you don't have to.
- Don't go out in the hot sun for any length of time without a hat.
- Don't wear heavy or tight clothing.
- Don't exercise strenuously in the hot sun.
- Don't exercise just before or after meals.
- Don't overeat.
- Don't overindulge in alcoholic drinks.

City 37th In Population Standing

Ranks 42nd On Sales Volume

Figures released recently by the State Board of Equalization showing relative positions of 45 incorporated cities in Los Angeles County with respect to population and taxable retail sales place Sierra Madre in 37th position based on population and in 42nd place on taxable retail sales for the third quarter in 1952.

The County Planning Commission's Jan. 1, 1953, estimated population for Sierra Madre is 8038. Taxable retail sales for the 1952 third quarter were \$715,000.

Pasadena and Glendale have been running neck and neck for show position in the Los Angeles County population sweepstakes, the report states, but Pasadena maintains a substantial lead in retail sales volume, indicating it has a more extensive trading area.

El Segundo and El Monte stand just above Sierra Madre in the population column but El Monte ranks 17th on retail sales volume and El Segundo

28th. Arcadia and Monrovia, with populations of 29,369 (17th) and 23,262 (22nd), respectively, rank 23rd and 18th in sales volume.

Not Same Correlation

The figures were compiled by the Division of Research and Statistics for the use of the legislature in considering bills dealing with the possibility of State collection of city sales taxes.

It is noted that, while the three largest cities, Los Angeles, Long Beach and Pasadena, maintain the same relative positions with respect to population and sales, the same correlation is not present with some of the other cities where trading areas may be more pronounced in some, while residential areas may be more prevalent in others.

A Chicago drunk walked home, went to bed unaware he was shot in a saloon fight. Guess he had too many liquid shots to notice a few lead ones.

PEACH Bavarian Pie is as delectable as a dip in a cool, crystalline lake. Served right from the refrigerator, it is so satisfying to summer appetites. And what a relief to homemakers, for there's no "cooking", and it can be made well in advance of serving.

Incorporating mellow, fresh peaches in a creamy filling which is poured into a rich chocolate crumb crust, this is indeed a marvelous summertime dessert, coming straight to you from the Best Foods consumer test kitchens.

Peach Bavarian Pie
In Chocolate Crumb Crust
Crumb Crust
1 1/4 cups chocolate cracker crumbs
1/2 cup (1/2 pint) melted margarine
Crush crackers to fine crumbs with a rolling pin. Stir in melted margarine. Press evenly in a greased 9-inch pie pan covering bottom and sides. Chill thoroughly before adding filling.

Peach Filling
1 cup sugar
1 teaspoon grated lemon rind
1/2 cup cold water
1/2 cup boiling water
3 tablespoons lemon juice
1 cup crushed peaches
1 teaspoon almond or vanilla extract
1/4 teaspoon salt
2 egg whites
1/2 cup heavy cream, whipped
Combine sugar and lemon rind. Soak gelatin in cold water, add boiling water and dissolve. Stir in sugar until dissolved. Combine lemon juice, peaches and extract. Add to gelatin mixture and chill slightly. Beat with a rotary beater until light and fluffy. Add salt to egg whites and beat until stiff. Fold gently into peach mixture. Fold in whipped cream. Pour into crust. Chill at least 4 hours. Yield: 6 to 8 servings.

HINTS FOR HOMEMAKERS

PORTABLE MIXER DOES SODA-FOUNTAIN DUTY
by the General Electric Consumer Institute
Tell your on-vacation small fry that they don't have to run down to the corner drugstore for an ice cream soda or a milk shake this summer—not when you have a portable mixer in the kitchen ready to double as a milk-shake-maker on a moment's notice!

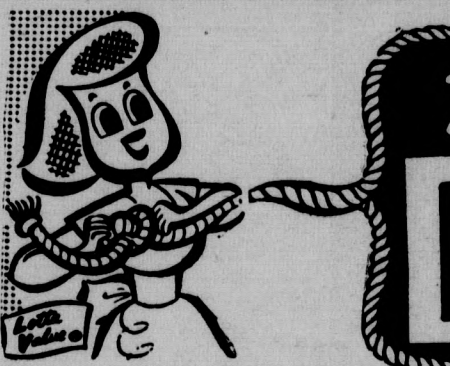

Using the new lightweight portable mixer with only one of its two beaters, you can whip up a milk shake right in the glass, says the General Electric Consumer Institute. And the mixer is so easy to handle that the older youngsters can serve as operators of their own at-home soda fountain when the "gang" drops in for something cold to drink on a hot summer day.

What would you like? Milk-shake? Ice cream soda? Make your own soda-fountain specials at home with a portable mixer.

With milk as a base, you can concoct all kinds of refreshing and nourishing cold drinks, with the mixer doing the blending job quickly and easily.

Recipe Ideas
For instance, make a "super" chocolate milk shake with a teaspoonful of chocolate syrup (or two teaspoonsful, if you wish), a small scoop of ice cream and a half glass of milk. Put all the ingredients into a tall glass, and, using the portable mixer with one beater, whip the mixture until it is thoroughly blended.

For a strawberry ice cream soda, use the portable mixer with one beater to thoroughly blend a half glass of milk and one or two tablespoons of frozen strawberries in a tall glass. Add a small scoop of ice cream—and club soda to fill the glass.
